

Stand Together

G D
We stand together through thick and thin
Em C
We'll be that way to the bitter end
G D C G
We'll go on forever; we stand together

G D
When I'm walking through the valley
Em C
And feel I have no-one
G D
I'll turn to You and remember
Em C D
Singing this song

G D
I raise eyes up unto God
Em C
While singing my song
G D
I've been cleansed and forgiven
Em C D
Now with You I belong

C D Em
Cos I remember what you said on that blessed day;
C D Em D
"Don't be afraid but just listen to what I say;
C G C D
Age to age I will with you always.
C G
I go now to prepare your place,
C D
Where we'll sing all days..."
