

Path of Grace

I once was a lamb gone astray
Running away from authority
My mind was on just one thing
Me, myself alone

*But Jesus saved me from my sin
He came and set me free
He took my hand and showed me love
I pray that you will see!*

I now walk a path of grace
So narrow I just might fall
But Jesus' love lights my way
And now I hear His call

*Yes, Jesus saved me from my sin
He came and set me free
He took my hand and showed me love
I pray that you will see!*

The price He paid to save us all
Was death on a cross
He took our sins with nail-marked hands
And thorns to form a crown

*Yes, Jesus saved me from my sin
He came and set me free
He took my hand and showed me love
I pray that you will see!*

To receive this gift of life
A new treasure from the King
Repent your sins and change your ways
And then we all can sing

*Yes, Jesus saved me from my sin
He came and set me free
He took my hand and showed me love
I pray that all will see...all will see!*
